ABOUT WALDEN

Walden is New England and New York's leading brand of sustainable, locally raised meat, distributed directly to thousands of households as well as wholesale channels. We are a growing 4-year old mission-driven startup 'making local work' by reinvigorating local agricultural economies, in support of healthier animals, soils, and communities. We are taking on many 'crazy' challenges - owning cattle, last mile delivery, our own fulfillment, balancing whole animal sales - all of which are complicated optimization problems that we are passionate about solving. If you like complicated problems and ambitious missions, we'd love to meet you.

ABOUT YOU:

Are you passionate about locally sourced, sustainably farmed food? Do you want to work with others who care about the cause as much as you do? Are you a problem solver who enjoys being a part of an organization that puts its members first?
