

Walden Local Inc. Terms of Use (Rev. 6/23/2019)

We prefer keeping it simple to legalese.

First, if you ever have a problem with your share, we'll absolutely make it right.

Beyond that, since we sell food, there are some important things to review, that you agree to by being a user of our services:

You are solely responsible for knowing of any food allergies and for verifying the suitability of our products and their ingredients. We will certainly strive to provide accurate information regarding ingredients and potential allergens as accurately as possible, however we do not guarantee the accuracy or completeness of such information.

To maintain the quality and integrity of your share, we recommend that you immediately freeze refrigerate all perishable products upon delivery and follow the U.S. Department of Agriculture's ("USDA") instructions on refrigeration and food safety. Consumption of the Products are solely at your risk, and you are solely responsible for the proper and safe washing, handling, preparation, storage, cooking, use and consumption of your share following delivery.

We recommend that you use a food thermometer to ensure that all meat, poultry, seafood and other applicable items are cooked to the USDA's recommended internal temperatures. Failure to follow safe food handling practices and temperature recommendations may increase the risk of foodborne illness. In addition, pregnant women, young children, the elderly and individuals with compromised immune systems should follow the U.S. Food and Drug Administration's recommendations on food consumption for at-risk groups.

Note that from time to time we may provide recipes that suggest temperatures different from the USDA's recommended internal temperatures. As you might in a restaurant, you acknowledge that consuming raw or undercooked meats, poultry, seafood, shellfish or eggs may increase your risk of foodborne illness, and you are choosing to do so at your own risk.
